Hi Meghan,

As discussed, I started going through the Plum Creek file. We do have a fair amount of documents available electronically. For instance, I found all of the trial court transcripts, and am attaching those to this email, along with the docket sheet. Other documents I can send you easily, but which you may already have:

- Pretrial and post-trial filings at the lower court
- Vermont Supreme Court briefs
- Vermont Supreme Court printed cases

Let me know if it would be helpful for me to send you those documents. There are other documents for which we have paper copies, but not electronic copies. In particular, I think I can track down:

- What we produced in discovery
- What Plum Creek produced in discovery
- Our trial court exhibits (see attached list)

Again, because I don't think we have electronic copies of those documents, we may need you to come to here to inspect them, if you want those. Let me know.

Best,  
Kyle
