This is a follow up to a previous request:

This request was originally submitted via email. It was never acknowledged. Due to issues with the original communication method, we are now directing this request to you.

To Whom It May Concern:

I wanted to follow up on the following Freedom of Information request, copied below, and originally submitted on Feb. 23, 2017. Please let me know when I can expect to receive a response, or if further clarification is needed.

Thanks for your help, and let me know if further clarification is needed.

Somerville, MA 02144-2516

PLEASE NOTE: This request is not filed by a MuckRock staff member, but is being sent through MuckRock by the above in order to better track, share, and manage public records requests. Also note that improperly addressed (i.e., with the requester's name rather than "MuckRock News" and the department number) requests might be returned as undeliverable.

On Feb. 23, 2017:
To Whom It May Concern:

Pursuant to the Vermont public records law (1 V.S.A. §§ 315-320), I hereby request the following records:

The full text of the last 10 public records requests made to your office's antitrust division--or where the antitrust division had to be brought in for the response--as well as the responses that your office made to those requests, in their entirety.

This requester is a journalist working for a news organization accredited by the U.S. Congress, and documents in response to this request will be made publicly available. As such, I request that all fees be waived and that the request be processed expeditiously.

I prefer the request filled electronically, such as by e-mail attachment or web download link, and that any communication to this request be made in direct reply to this one, via the same communication method. Please inquire if you need another method of document transmission.

Thank you in advance for your assistance. I look forward to receiving your response to this request within (5) business days, as your statute requires.

Sincerely,

Brandon Smith
