Karen Flanagan

Via email to: [REDACTED]

Dear Ms. Flanagan:

I write to follow up to your public record act request dated June 26, 2018, in which you request “all records from UVM hospitals concerning patient opioid overdoses while hospitalized, with stroke following, with or without administration of nalcen, since 2015”.

As per an earlier email to you on June 26, 2018, please note that the Attorney General’s Office is not the custodian of records of either the University of Vermont, UVM hospitals, or the Agency of Human Services and Health Department. You may wish to follow up with any of those entities directly. Following initial searches, at this time we are not aware of AGO records that are responsive records to your request. If we become aware of potentially responsive records, we will follow up.

I hope this information is helpful to you.

Sincerely,

/s/ Christopher J. Curtis

Christopher J. Curtis
Chief, Public Protection Division
