Charity,

I received a correspondence attached to the forwarded email (below) which does not satisfy the VTPRA requirements of the Vermont Attorney General's appeal of denial response to proceed.

Please follow up with the Attorney General regarding sufficient response per the VT PRA to satisfy his legal requirements.

The correspondence I received fails to address the denial of my public records request, but instead refers to some "public information". It may be the "public information" referred to is the additional argument contained, post script and unrelated to the the actual public records request and response. Additionally, it is signed by the wrong person.

Thank you,

David Shaddy, RN
