Hi Charity and Lauren,

I hope you're doing well. I'm seeking data complaints lodged against Vermont food establishments during the COVID-19 pandemic.

Please consider the following a request under Vermont's public records law:

I am requesting any and all records the Attorney General's Office has received related to complaints against Vermont food establishments for violating Gov. Scott's Executive Order from March 17 until present day. I'm seeking out the number, name of each establishment, violation cited, and an indication if any of these establishments refused compliance after contact with the Attorney General's Office.

I would like to request a waiver of any or all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of Vermont businesses' reasoning behind needing to continue operations. This information is not being sought for commercial purposes.

The law requires a response to this request within 2 days, or within 10 days for extraordinary circumstances. If you expect a significant delay in fulfilling this request, please contact me with information about when I might expect copies or the ability to inspect the requested records.

Thank you for your time. Please let me know if you need anything else in order to complete the request.

Best,

Maleeha Syed
