Mr. Kularajah,

I think that you would be best advised to first determine the county in Vermont where you believe Mr. Curry was prosecuted.

You may then contact the county clerk's office directly to ask them to provide to you what information they have available.

The State's Attorneys Office for that county may also be able to provide information that the Attorney General's Office does not possess.

Sincerely,

Paul Barkus

Hello Mr. Barkus,

I was requesting the court's ruling in sentencing James Curry to four years incarceration. As I understand, it was the result of a DUI but have not found further details.

What can be provided as to the reason for the severity of the sentencing given the offense, such as prior offenses and/or arrests, and the court's official findings of fact, determination and sentencing?

Looks like I just received another email saying this inquiry is closed, so if necessary please let me know if I have to do anything else to open a new request.

Again, my concerns are that my son and his mother are cohabiting with this man, and my private investigator has already uncovered copious amounts of empty alcohol containers in their garbage/recycling.

Thank you,

Mr. Kularajah,

Our office has received your public records request. In order to properly respond, a little more detail is requested.

What public records are you seeking that relate to James Curry and his date of incarceration. Any help with that specificity would be appreciated.

Sincerely,

Paul Barkus
Assistant Attorney General
