Dear TJ:

I write simply to ask that Vermont join with other states attorneys to support the lawsuit Mexico has brought against gunmakers.

Commerce in guns should be carefully and well regulated so they do not fall into the wrong hands. Immunity US laws grant gunmakers should not be licence to ignore the laws of other countries, carte blanche. I believe that if there is considered to be appropriate and lawful support for Vermont and other gunmakers, we should be able to trust them to prevent misuse of their products. If they knowingly participate in (or turn a blind eye toward) their products ultimately being used for nefarious purposes, it is right for our State to participate in preventing that from happening.

Thank you for your time and consideration. I look forward to hearing from you on this topic.

With every kind regard,

Winooski, VT 05404
