Dear Sample A. Sample:

NOTICE OF DATA BREACH

At The Hershey Company (“Hershey”), we are committed to protecting the confidentiality and security of your personal information. We are sending you this letter to let you know that Hershey recently experienced a security incident that may have resulted in unauthorized access to your personal information. We are not aware of any acquisition or misuse of your personal information.

WHAT HAPPENED?

Between September 3 and 4, 2023, an unauthorized user gained access to a limited number of Hershey email accounts. We immediately began investigating this incident with the assistance of a forensic provider. Based on our investigation, which recently concluded, the unauthorized user may have had access to certain personal information of yours. Although we have no evidence that any information was acquired or misused by the unauthorized user, we wanted to notify you of this incident out of an abundance of caution.

WHAT INFORMATION WAS INVOLVED?

The information accessed by the unauthorized user varied from person-to-person, but may have included the following types of information: first and last name; Social Security Number; health and medical information; health insurance information; digital signature; date of birth; address and contact information; driver’s license number; credit card number with passcode or security code; and credentials for online accounts and financial accounts including routing numbers.

WHAT WE ARE DOING

Upon learning of the incident, Hershey worked to block the unauthorized user’s access and confirm that the affected Hershey accounts were no longer in use by the unauthorized user. We worked with multiple third parties, including a forensic provider, in investigating the incident. We also have taken steps to enhance our data security measures to prevent the occurrence of a similar event in the future, including forced password changes and additional detection safeguards to our corporate email environment.

Fraud Alert. You may place a fraud alert in your file by calling one of the three nationwide credit reporting agencies above. A fraud alert tells creditors to follow certain procedures, including contacting you before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit.

Place a Security Freeze on your Credit Report. You also have the right to place a security freeze on your credit report by contacting any of the credit bureaus listed at above. A security freeze is intended to prevent credit, loans and services from being approved in your name without your consent. To place a security freeze on your credit report, you may be able to use an online process, an automated telephone line or a written request. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. You can place a freeze and lift a security freeze on your credit report free of charge.
